Zagato Diatto Ottovu

supercharged v8 2007

Coachbuilder Zagato has released the first image of its latest creation, the *Diatto Ottovu* Zagato.

The car will be unveiled at the Geneva Motor Show next month, powered by a supercharged Maserati V8.

The project was commissioned to celebrate the 100th anniversary of the *Diatto* brand. Back in 1921, Ugo Zagato designed a lightweight and aerodynamic body for the *Diatto* 25 4DS chassis.

Zagato has not said what vehicle it used as the basis for this new car, but it appears to share proportions with the Jaguar XK.
